

Do NOT allow cell phone use onboard commercial flights. There is no hard evidence that cell phone use does not interfere with navigational instruments. Cell phone use would enable terrorists to coordinate a plan of action more effectively. The NPRM would leave it up to flight attendants to police the use of cell phones onboard the aircraft compromising our ability to maintain a safe, secure cabin environment and to conduct emergency evacuations. It would make an already tense cabin environment even more stressful.

Thank you,
Jeff Gross
American Airlines Flight Attendant
